Benefits of partnering with NAAS:

- Sourcing latest equipment from wide range of companies
- Full technical backup
- Competitive pricing
- Reduced paperwork & admin
- Arabic speaking staff
- "Go Get It" (you tell us what you want and we "go get it")

## Simplify your Global Purchasing

Everything we do is designed to simplify your global purchasing. We do this by using multilingual staff for straightforward customer service, our extensive contacts in OE manufacturers to ensure you have the best pricing and our shipping specialists to streamline your freight forwarding.

NAAS Corporation provides a one stop solution for the needs of the Oil & Gas, Petrochemical and Allied Industries in North Africa and the Middle East, ensuring a simple route for purchasing products from Europe and the US.

Here at NAAS we pride ourselves on providing our customers with high quality, specific items as requested; through one collective quote. By saving time, money and paperwork; we aim to ease your procurement needs.

NAAS was founded in 1998, and since then have expanded into the global procurement service we are today. We have strong relations with a large scope of global partners, such as Carrier and York. Our professional team has a collective experience of over 90 years in the Oil and Gas industry.

Using our commercial knowledge and expertise we are able to meet the various demands of our customers.

Simplify your Global Purchasing
